N. AUTHORITY REPORTS

Patricia Gillum Sams – Jacksonville Transportation Authority – May 1, our CEO Nat Ford joined fellow Jacksonville leaders as a panelist during the Hampton Roads Chamber Leadership Exchange held at the Cummer Museum of Art & Gardens. The discussion focused on how strategic investments in mobility, resilience, and affordable housing can strengthen economic growth and quality of life across communities.

During the discussion, he highlighted the JTA's innovative approach to mobility, including advancements such as NAVI and our MobilityWorks program, as well as the Authority's continued focus on Transit-Oriented Development (TOD) strategies that help create more connected, sustainable, and walkable communities around transportation hubs. These initiatives continue positioning Jacksonville as a leader in modern mobility and infrastructure innovation.

That same day, JTA leadership welcomed representatives from NAS JAX for a visit focused on innovative mobility solutions, including a tour of the Autonomous Innovation Center (AIC) and demonstrations of the NAVI autonomous transportation system.

Discussions included the Authority's ongoing infrastructure initiatives and the importance of delivering safe, reliable mobility solutions within complex operating environments. The visit also provided an opportunity to highlight the JTA's deliberate and phased approach to deploying advanced mobility technologies in real-world operating conditions.

May 27, alongside our partners at BEEP, we had the opportunity to meet with the Honorable Jonathan Morrison, Administrator of the National Highway Traffic Safety Administration (NHTSA).

During this call we had the opportunity to show him our state-of-the-art Autonomous Innovation Center (AIC) and highlight our NAVI service.

Key focus areas of the discussion were around the development and implementation of safety features not only on the vehicle but also along the corridor. These conversations are essential to the continued evolution in the regulatory framework for autonomous mobility.

June 1, we were honored to host Assistant Secretary of Research at USDOT Seval Oz in Jacksonville this week. During her visit, she toured our Autonomous Innovation Center and experienced NAVI firsthand. Her visit reinforced the importance of moving beyond discussions of innovation and toward operational deployment that delivers real mobility benefits to the public.

Thomas Slater – JAXPORT – Ship to shore container crane has been added at Talleyrand. This is the third new crane added within the last six months. JEA powerline relocation project near Blount Island is over 50 percent complete and is on time and on budget. Anticipated completion is by the end of this calendar year. Design is underway to reconstruct container berths 30, 31 and 32 at Blount Island. Berth 21 at Blount Island is 50 percent complete with completion anticipated in early 2027. This berth will increase our operational flexibility for vessel calls. Thanked FDOT for their partnership in delivering these strategic initiatives, which strengthen our marine infrastructure and create jobs.

Secretary Evans thanked JAXPORT for sponsoring the James Bennett scholarship fund.

Solomon Brotman – Jacksonville Aviation Authority – Thanked JTA for aiding individuals and volunteers to the Prime Osborn Convention center for the “Mission of Mercy” free dental clinic. Thanked JEA for partnering with us in creating resilience at JIA and Cecil Field. Concourse B will have six additional gates. Five will belong to American Airlines, along with a new Delta Sky Club and Jax Club (a credit card club). Construction should be completed in late December, with the new gates opening in late January. Third garage will open in November. Repairs to the hourly garage are at a standstill due to issues with the various insurance companies. Anticipate completion at the end of 2027. JAA has an AA bond rating with a bond issue of \$235 million. Cecil Airport committee for Jacksonville Aerospace Development consists of JAA Board members, three City of Jacksonville Councilman, tenants of Cecil Field and the JU Department of Aviation. We continue to promote Cecil Airport. Contract with RS&H for a Master Plan due in October to let us know what we need on the east side of Cecil Airport. Boeing will celebrate 1000 F18 modification and repair in Jacksonville June 18.
